A young contractor friend I know recently overheard his dry-wall contractor say, *"I wish I had a father like yours"*. You see my friend had a Godly father who poured his life into his son, and taught him to build homes. A short while later the dry-wall man ended his life. *"I wish I had a father like yours"* were his last words!

Today 27 million children go to bed at night without a father to say, *"I am here, and I love you"*. The fatherless issue is a major contributor to suicide, crime, unwed pregnancies, and homelessness in America.

Our foster care systems are now in maximum overload. The average foster child will go through six homes. Many will become orphans at age 18, when they are told, *"You are now on your own"*. Statistical data reports that 70% of individuals in prisons spent time in the foster care system.

"Solid House Ministry" mission is to raise up sons, and daughters to become the future Fathers and Mothers. We are seeing many young lives changed, and healed; however, we are looking for many more because the need is so great. We need your help to equip the next generation to become these parents.

Our mission and vision has one heart. The heartbeat of God! *Solid House Ministry* vision is to have a place to bring youth and young adults. A place to bring the youth that is quiet and set apart. An environment saturated by love and prayer. Healing, deliverance, and restoration will be ministered to groups of youth from a generation feeling abandoned. Many of these youth have never known what it is to be a son or daughter.

We plan to build children's homes in this atmosphere of healing and restoration. We do not believe that a social program can heal a deep spiritual wound but the love of God and a family can restore much. Our vision is for all children and adults to encounter a relationship with their heavenly Father through His Son. Our goal is to restore the family back to God's intentions with the love and adoration of a Father and Mother.

God has given us a lot of experience over the years concerning many of the issues that we know we will face. We are blessed with volunteers who are qualified in so many areas. We know that this is not an easy or small endeavor. With the help of many, we can accomplish miracles and change the lives of children.

Solid House Ministries is coming to you on behalf of children that cry constantly for fathers and family. We ask you to pray about helping us. We need both financial and physical help. We are looking for relationships, not just donors. What we are stepping out to do will require many people getting involved in many different ways. We are in need of funding to implement the "Eminence Project". You may be moved to become physically involved and financially involved, which we need both. We are looking for people moved with compassion. We need your help.

If you would like your giving to go for something that pleases God, then please help us with the fatherless. We need gifts of any size. We know times are difficult, however even \$20-\$40 per month is much when multiplied by hundreds. Would you consider becoming a monthly supporter of this ministry? Would you help us by passing this information on to others?

Solid House Ministry currently operates on a volunteer budget, which means none of the board or staff are paid for their services. All the resource donated will be placed into a fund for the purpose of this project. Donations including tangible and monetary goods are tax deductible. Attached is a detailed budget of the "Eminence Project". Please make all donations payable to Solid House Ministries, 269 Crystal Ridge Drive O'Fallon Mo, 63366.

Please feel free to review the ministry web site at www.solidhouse.us. Our board members can be contacted at (Patrick Kaveny) 618-806-1410 or (Stephen) 314-308-8437. We would appreciate any support for this project.
